## **Induced Seismicity Workgroup - May 18<sup>th</sup> IOGCC Salt Lake City Workshop**

### **Workshop Objective**

For official Induced Seismicity Workgroup members and advisors ONLY, review the work done to date and prepare for the editing and completion phases of the Induced Seismicity Primer development. The workshop will be focused on understanding the current status of the draft document and the path forward. The meeting will not be an 'edit' session.

The official review and comment period for YOU (the members and advisors of the full workgroup) will be from May 28<sup>th</sup> - June 15<sup>th</sup> to provide your input to the editorial committee. The final product will be presented at the September 27-30 joint GWPC/IOGCC Meeting in Oklahoma City. [www.gwpc.org/events](http://www.gwpc.org/events)

### **Workshop Logistics**

**NEW:** The Revision 2.0 will NOT be distributed in print on the 18<sup>th</sup>, BUT rather electronically sent by e-mail to the full workgroup that by Thursday, May 28<sup>th</sup>. There will be no need to bring your own electronic device to view the draft document during the presentation.

We will conduct a 60 minute revision 2.0 primer rollout webinar, tentatively scheduled for Thursday, May 28<sup>th</sup> at 8:30am, PT; 9:30am MT, 10:30am CT and 11:30 ET.

THANKS!
